

Public Lecture Series

USGS Patuxent Wildlife Research Center: 75 Years of Wildlife Conservation Research

Dr. Matthew C. Perry

Wednesday, March 2nd, 2011 • 7-8pm

Join us in learning about wildlife conservation research with Dr. Matthew Perry as we celebrate the 75th anniversary of the USGS Patuxent Wildlife Research Center. During the past 75 years, Patuxent has emerged as an international research leader exploring issues of national importance and local relevance. Major programs include global climate change studies, Chesapeake Bay studies, and wildlife conservation monitoring. Come and learn the history and celebrate the success of this important resource, right in your backyard!

Free and Open to the Public

Requests for accommodations (i.e. sign language interpreting) require notice at least two weeks before the event. Please email jcorley@usgs.gov or call 703-648-7770.

Federal Facility - Photo ID Required

Incident Weather: If Fairfax County Schools and activities are cancelled, the USGS Evening Lecture in Reston will be cancelled.
